

Our business is to keep you in business!

Today's market place is highly competitive. Competition comes from many sources, so do disasters. Can you afford not to service your customers for a day, a week, a month? If you are not there to service your customers, will they still be your customers? ITC can help you prepare for and quickly respond to any disaster, natural or man made. We can help you get back to business quickly.

You have made a huge investment in your organization and your people. Have you invested in protecting your business and your people? We can't stop bad things from happening but we can reduce the impact and the effect on your company.

In the event of a disaster: How would you answer these questions?

- **How vulnerable is my business?**
- **How resilient is my business?**
- **Do my people know what to do?**
- **What are my critical business processes and how quickly can they be recovered?**
- **Do we have experience in this arena?**
- **Will I get the most from my insurance?**

The most important question is, are you happy with your answers?

ITC can assist you to answer all these questions and help you feel good about your answers. We understand the dynamics of this environment and offer services specifically designed to provide you with the tools and resources you need to keep your business operational.

When it comes to risk management, ITC specializes in many areas, including business case study analysis, business information technology protection, credit risk management, risk management training, asset risk consultation and much more.

ITC has helped hundreds of clients around the world respond to events such as fires, floods, malicious behavior to major events such as NYC 9/11, Hurricane Katrina, and the Southeast Asia Tsunami.

Let our experienced risk management consultants help you develop, implement, and maintain a business continuity plan that is tailored for your business environment.

Our business is to keep your business running!

ITC is your Total Protection Solutions Provider.
